

**AIRLINE**

**LODGE 714**

To The Honorable Chrystia Freeland

It has taken many years to determine how to fairly distribute the Air Canada 2009 Share Trust Agreement. This agreement was created during the pension moratorium between Air Canada and its five Unions that govern a block of shares held in a restricted use, single joint trust account. The time has now come to conclude the process to ensure that it takes care of those it was intended for before it is too late.

Pensioners and their survivors await a reprieve from post pandemic inflation while retired without an indexed pension. Current long time serving employees eagerly wish to start their retirement early through voluntary separation packages.

Honorable Chrystia Freeland, please take it upon yourself to prioritize this request to no longer delay in the distribution of the Air Canada 2009 Share Trust.

Kind Regards,
